THIS SUMMER AT SHELTON STATE COMMUNITY COLLEGE

WHO QUALIFIES:

Shelton State Community College created S³ for graduating high school seniors planning to apply for financial aid in the upcoming year. The Shelton Summer Studies program is for high school seniors graduating in 2001.

Students typically apply for financial aid and scholarships for the upcoming Fall Term. Each summer, however, thousands of dollars designated for financial aid and scholarships go unused. If you qualify for the Pell Grant, you can attend Shelton State and take one or two classes or even a full class schedule with full financial aid support.

Completing the S³ application process does not obligate you to attend Shelton State. There is no fee to apply for admission to Shelton State.

Students planning to attend another college or university in the Fall, are eligible to participate in S³. With proper planning, general academic courses should transfer to any college or university.

You can apply for Financial Aid and scholarships for the Summer 2001 Semester by using the 2000-2001 FAFSA (Free Application for Federal Student Aid) and your family's 1999 income tax returns.

WHAT DO I DO?

- Step 1: Complete the 2000-2001 FAFSA which is pink in color. This application may be submitted online or through the mail. Applications and instructions for online applications can be obtained in your high school counselor's office or at the Financial Aid Office at Shelton State Community College.
- Step 2: Complete the Shelton State Community College Application for Admission. This application is available in your high school counselor's office or at The Office of Admissions and Records at Shelton State. There is no application fee.
- Step 3: Once you have submitted your application for admission to Shelton State, you will receive information on placement testing, advising and registration for the Summer 2001 Semester.
- Step 4: When you receive your Federal Financial Aid eligibility letter, bring it immediately to The Financial Aid Office at Shelton State. If you are not eligible for Federal Financial Aid, you may, at this time, apply for a scholarship to take academic or technical courses for the Shelton State Summer 2001 semester.

You must have a 3.0 academic high school grade point average to apply for an academic scholarship or a 2.5 grade point average to apply for a technical scholarship.

IMPORTANT:

This program is for the Summer Semester only. Students completing the 2000-2001 FAFSA must also complete a Financial Aid application for the upcoming 2001-2002 academic year. You must use your family's year 2000 income tax returns with this application.

Participation in S³ will not affect your eligibility for financial aid in the upcoming academic year.
